

GTS NEWSLETTER

It has been a successful summer series with our career exploration workshops. Students learned various career disciplines including Science, Fashion, Photography, IT/Coding, FDNY, Architecture, Arts, Dance, Financial literacy & Entrepreneurship.

We ended the summer with a sports day, engaging in a wide array of sports, such as soccer, football, track & field, and team building exercises. Also, thanks to Chase Bank for the Back to School supplies donated to the program.

Our goal was accomplished and that is thanks to all our partners, instructors, and donors.

Your commitment to youth & community development is commendable.

With your continuous support, we look forward to providing the necessary resources our students need as they begin the school year.

SEE YOU NEXT SUMMER !
